

## **Lichia Sibhatu for US Senate 2022**

My name is Lichia Sibhatu and I'm running for U.S. Senate. I'm a mother of three and has served the community for twenty years in a variety of ways. As an entrepreneur and a proud owner of a 5 star daycare I have served the community and has created a grassroots campaign. With no ties to corporations and Washington lobbyists you can rest assured that my best interest is with the American people.

I lived and served in Wake County for the last 20 years. I want to empower the future by supporting teachers, parents, and most importantly children. By better funding afterschool programs and counseling for trauma.

---

# ***Empowering the Future***

## **Diversity**

There are nearly 50 million legal immigrants that live in this great country. They are the backbone of the economy and share American values. I want to create a more Inclusive environment within the Republican party. An environment that welcomes the hard working immigrants to participate in our political system.

## **Education**

Children are the future of America. We must invest in families by increasing funding for early childhood education. Furthermore, to invest in our communities and provide more educational opportunities to parents.

## **National Security**

Increase military funding and improve the treatment of Veterans and their families by expanding VA funding and providing more counseling for the veterans and their families. And I fully support the law enforcement.

## **Economy**

As a small business owner I will support small businesses by reducing taxes and lifting the red tape to start a business. Government should allow the economy to thrive with very minimal interference.
