B. Endorsed Candidates by AEPAC State Chapters:⁴

AEPAC Board has mandated its State Chapters to locally endorse candidates in addition to the nationally endorsed candidates by AEPAC Central from each state. Accordingly, some states have endorsed their local candidates as indicated in this paper. The criteria to identify, to vet and endorse candidates by state chapters were more flexible and easier than the criteria employed by AEPAC Central in endorsing national candidates.

The following candidates are endorsed by AEPAC State Chapters.

³ In addition to these two Senatorial candidates, AEPAC supported the PAC for Senator Warner and Senator Rounds so the total number of senators AEPAC supported during the election of 2022 is four.
